RANDALL COUNTY WOMEN WIN AT TRI-STATE FAIR

MANY PLACES WON BY CLUB EXHIBITORS

Increased Number Places Over Showing Of Last Year

OTHER WINNERS

Club Girls Place in the Showing at Tri State Fair

Randall County Home Demonstration Club women won twenty-one places at the Tri-State Fair, making a better showing with their exhibit this year than was made last year, which was the first time they had shown. Seven first places, and four third places were won.

The exhibit was assembled in Canyon on Wednesday of last week which was in the nature of a county fair to select the exhibit to be taken to Amarillo. In this showing the Zita Club won first place; West Side won second, and Park Club was third. Miss Margie Lyon, of Childress, and Miss Dalton Burleson, Home Demonstration Agents, were judges of the Randall County exhibit.

The women from Randall county who placed at Amarillo were: Pint English peas, Mrs. D. C. McCormick, Zita, 3rd. Quart canned tomatoes, Mrs. Earl Davis, Jewell, 1st. Pint canned okra, Mrs. J. J. Wright, 1st. Quart squash, Mrs. Frank Garrett, Lakeside, 3rd. Quart canned pears, Mrs. J. P. Upchurch, Zita, 2nd. Quart canned plums, Mrs. D. C. McCormick, Zita, 2nd. Pint cucumber relish, Mrs. Marie Dorman, Zita, 2nd. Pint plum preserves, Mrs. C. W. Fewell, Jewell, 2nd. Pint apple preserves, Mrs. L. A. (Continued on last page)

No Authority Is Given on Sheep Buying in County

While all of the blanks have been received for the sheep buying program of Randall county, no authority has been received as to the time for starting the program, states County Agent W. H. Upchurch.

Sheep buying started in the large sheep raising counties of the state last week.

A report has been made by Mr. Upchurch of the number of sheep listed by the breeders of the county, but others who wish to make sales will be included in the listing if they report immediately.

Baptist Members Honor Pastor on Second Anniversary

Responding to a call to come to the Baptist church to perform a wedding ceremony Tuesday evening, Rev. J. H. Hicks was met by a large number of his members and friends who extended to the pastor and family best wishes and appreciation upon their second year in Canyon.

A mock wedding ceremony was performed, with Harris M. Cook as the groom, and Thomas Newell as the bride. Mrs. C. O. Huber sang, "I Love You Truly."

A short program followed, with piano music by Miss Lilla Beth Burroughs; a quartet composed of Messrs. Hardin, Baker, Huber, and Cheyney; talks by Dr. C. E. Donnell and Dr. J. A. Hill.

A large number of groceries were given Rev. and Mrs. Hicks in appreciation of their work here.

The gathering was sponsored by the W. M. U., which organization served refreshments at the close of the program.

Piano Is Greatly Needed by Music Room High School

A piano is needed at the public school for the music room. The school does not have funds to pay rent, but would appreciate if there is a Canyon citizen who could allow the use of a piano for the benefit of the children. The instrument would be hauled to the school building and well cared for, stated Mrs. J. D. Barker.

If any citizen could loan the school a piano, Mrs. Barker would appreciate having them telephone her.

P. T. A. Council to Open Year's Work in Thursday Meet

The first meeting of the year for the Canyon Council of Parents and Teachers will be held in the high school auditorium tonight at 8:00 o'clock. The meeting will include a playlet and a social gathering after the program.

The room having the most mothers over twelve in number will be given \$2.00.

Mrs. Alfred Bellah is president of the Council this year, and invites all mothers and fathers to be present tonight.

Wheat and Hog Checks Given to Randall Farmers

Farmers of Randall county thronged the office of County Agent W. H. Upchurch last week when \$80,000 in wheat and hog allotment checks were distributed. A large part of the checks were distributed, but a few have not yet called for their allotment.

The first 1934 allotment on wheat is expected about the first of November. This allotment will amount to \$206,000.

Mr. and Mrs. L. B. Garrett of Antelope are here visiting Mrs. Garrett's sister, Mrs. C. E. Russell.

Tigers Will Bring Veteran Crew Here For Game

STRENUOUS WEEK

Season Tickets Offered at Low Price Home Games

Coaches Al Baggett and Bob Cox will introduce to the football fans the 1934 Buffalo squad Friday night at Buffalo Park. The introductory game promises to be one of the hardest fought of the season, with the seasoned and experienced Tigers from East Central Teachers College, Ada, Okla., as the opponents of the Buff crew.

Season tickets for all five home games may be secured at the Jarrett Drug Store or at the Business Office of W. T. These tickets are \$3.00 each for the five games. All members of the Canyon Athletic Club who signs up for a year at \$2.00 per month or more will be given a season ticket.

Cattle Buying Program Is Stopped In Texas

8,003 Cattle are Finally Taken by Government in Randall

The cattle buying program in Texas was definitely stopped Saturday upon advice from College Station.

No more buying will be authorized in the state until all vouchers have been audited, and the amount of money spent in the campaign has been definitely ascertained, according to the state administrator of this program.

Randall county has bought a total of 8,006 head. According to County Agent W. H. Upchurch, there are now about 25,000 head of cattle remaining in the county. The farmers would like to dispose of several thousand more head owing to the shortage of feed facing this section, and the government will be urged to continue the buying program later in the fall.

Buyers are in the Panhandle for the pure bred program. A listing has been made among the Hereford breeders of the Panhandle. The government will buy only young cattle to be turned over to the Department of Interior for use by the Indians. It is estimated that about 10% of the pure bred cattle will be taken by the government in this campaign. All Hereford breeders of Randall county have listed the stock which they wish to dispose of.

Clean Campaign Held as Great Success in City

"The Clean Up Campaign Friday, Saturday and Monday was a great success," stated Mrs. T. H. Knighton, president of the City Federation of Women's Clubs. "The committee in charge of the work certainly appreciates the work done by the citizens of Canyon in making the campaign a success, and we trust that the clean up campaign will continue," stated Mrs. Knighton.

Many citizens were busy with hoes and rakes cleaning up weed patches on their own property and upon adjoining property.

Much trash was sacked and placed in the alleys, which is being hauled away by the city wagons. There is still much old unsightly wrecked cars and machinery in the alleys and vacant lots which has not been moved.

The city's mowing machine will cut the weeds on the vacant lots as rapidly as it is able to get around to these places.

All members of the district committees were busy Thursday and Friday urging that citizens co-operate in the movement to clean up the city before the students started to arrive. The same committee will be called into action before the Homecoming celebration of Oct. 19-20 when the citizens will again be called upon to complete the job of cleaning up the city.

City officials, officers of the Chamber of Commerce and the citizens generally are heartily co-operating with the City Federation in the clean up campaign and are trusting that as the homecoming time draws near that all citizens will put forth an effort to make Canyon the cleanest that it has ever been in its history.

Thousands of visitors will be attracted to Canyon during the football season, even before the 25th Anniversary of W. T. is held, and for this reason an annual effort is being made to continue the clean up campaign through the coming month.

Upchurch Has Display From County at Tri-State Fair

County Agent W. H. Upchurch has an attractive agricultural display at the Tri-State Fair in Amarillo this week. His son, Louis Upchurch, is in charge of the booth.

No county awards were offered in competition at the fair this fall owing to the drought on the Plains. Mr. Upchurch is the most successful exhibitor in Northwest Texas, having won more firsts at the Tri-State Fair than any county exhibitor. His exhibit is causing considerable interest owing to the excellent display of farm products.

Final Soft Ball Game of Season is Scheduled Wednes.

The soft ball season in Canyon will come to a close Wednesday night at the Buffalo Stadium when the Pats and Firemen will play the third game for the city championship. The teams have played two games, each chalking up a win. These games have been the most thrilling of the season, and it is expected that a large crowd will be on hand Wednesday night to see the end of the season game.

Plans are being made now to form a soft ball league in Canyon next summer for the purpose of allowing play throughout the season. The games started here too late in the season to organize a league, but a large number have greatly enjoyed the games which have been played at Buffalo Park.

Randall Women Are Winners in Domestic Arts at the Fair

The following places were won by Randall county women in the Domestic Arts division of the Tri-State Fair:

CLASSES STARTED

Formal Opening Program Held This Morning at Chapel

The West Texas State Teachers College began its twenty-fifth annual session on Tuesday, September 18. By Wednesday afternoon one thousand students had registered in the college and training school.

Prospects for a bright year were sounded in President Hill's printed welcome to the new and to the returning students of the college. An extension program, planned last year in the physical education department is being carried out. The construction of a dormitory for the college athletes is now being pushed forward with plans on completion for winter use. The building of additional tennis courts and an out-door swimming pool on the campus is in the athletic program.

The campus dormitories, Cousins Hall and Randall Hall, have started off optimistically. Randall Hall, the experiment in co-operative living, has shown itself to be even more popular than last year. By an addition effected in the summer, Randall Hall was made to accommodate its present record number of one hundred and six girls.

According to Mrs. Agnes Smith, supervisor, Cousins Hall was given a special renovation during the vacation. Both Miltia Hill and Mrs. Smith made very favorable remarks about the group of girls their dormitories have received this fall.

Routine work in the various departments of the college begins today.

Eli Stroud Baker Died Last Night at Family Home

Eli Stroud Baker, 81, died last night at 9:00 o'clock at the family home. He and his wife have been citizens of Canyon for the past eight years, living adjoining the home of their daughter, Mrs. J. J. Fogarty.

Funeral arrangements are pending the arrival of relatives, but will be held today or tomorrow at the Fogarty home, conducted by Rev. Chas. L. Dickey.

Surviving is the wife and seven children: Mrs. A. H. Jones, Memphis; Mrs. M. M. Ritchie, Burleson; John R. Baker, Lawton, Okla.; Mrs. P. L. Lawrence, Oklahoma City; R. B. Baker, Memphis; Mrs. Harrison Lancaster, Fletcher, Okla.; Mrs. J. J. Fogarty, Canyon; 38 grand children and 11 great grand children.

Boxing Tournament Started at Camp to Determine Champ

A boxing tournament started at the Palo Duro State Park Tuesday night for the purpose of determining the camp championship. The series of weekly bouts in various weights will be continued until about Christmas time.

Many of the professional boxers and wrestlers who are appearing on the Thursday night programs in Amarillo will give exhibitions at the camp for the entertainment of the men.

The people of Canyon are invited to come to the camp for these programs, stated Captain Hager of Company 1828.

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

Regardless of what candidates for Governor of Texas may have said about the sales tax, those fourteen states which have this tax report that it pulled them out of the red, and that property taxes were reduced. Texas is now \$10,000,000 in the red, and has more than \$100,000,000 delinquent taxes, all upon real property. "Who's Afraid of the Big Bad (?) Sales Tax?" is the slogan of the Texas Tax Relief Committee from Houston. This committee proposes to distribute information, rather than prejudice. With all of the "sales taxes" we now have on gasoline, oil, electric power, and other commodities, this committee proposes one sales tax to cover everything, and let it do the job. The statement of President Roosevelt that the sales tax is a tax on poverty is being used by those who would like to shift the entire tax burden off their own shoulders upon the shoulders of the other fellow. We are going to hear a lot more about this sales tax business in Texas as state after state adopts the method and is able to keep its institutions going, and have real money in its treasury.

"As Maine goes"—yes, you remember the Republican battle cry of the past when it was a dead cinch that the old rock-ribbed Republican Maine would be true to the GOP. The battle cry was a little weakened this year before the election as the Republicans were not quite sure of the manner in which Maine would go. The election was an overwhelming endorsement of President Roosevelt's New Deal. The attack of Herbert Hoover did not help the situation, when the people remembered the weakness and mistakes of his administration. The people may not be certain of many of the reforms being proposed by President Roosevelt, but they are strong for his energetic attack upon the forces which have hampered the recovery of the nation. The real fight on Roosevelt will start after the November election, when all forces of the GOP and disgruntled Democrats will be turned loose with the hope of defeating Roosevelt in 1936.

Whether or not the Board of Control will make a better relief agency than the Texas Relief Commission remains to be seen; but chances are it will not make a greater mess of the situation. The News has always been of the opinion that the present set-up was wrong; that the relief money should be sent to the counties and there administered instead of setting up an expensive office in Austin. One thing may be taken for granted—relief rolls will be greatly

Sons of Famous Fathers Seek Success
In Government Careers

Some distinguished employees of Uncle Sam who are following in parental footsteps are pictured here. At left, above, is Senator Bennett Clark of Missouri, son of famed, one-time House Speaker Champ Clark, shown bottom left. Emulating his dad, bottom center, Robert M. LaFollette, Jr., at center, above, is building a brilliant reputation in the U. S. Senate. And Secretary of Agriculture Henry A. Wallace, above right, has the same job his father, Henry C. Wallace, bottom right, had years ago.

A BRIEF glance over the personnel of the present federal administration reveals that the old axiom, "Like father, like son," holds as true today as it ever has. Determined that they shall be known by their own deeds, and not because of their kinship to the famous, sons of illustrious fathers stride about the Capital today, intent upon success.

In the United States Senate, for instance, Robert M. LaFollette, Jr., son of the late fire-eating Wisconsin senator, is carving for himself a reputation almost as brilliant as his dad's.

Another "chip of the old block" is Missouri's Bennett Champ Clark, who in a spectacular campaign was whirled into the Senate two years ago. His election must have recalled to many the popularity of his deceased father, Champ Clark, one-time speaker of

the House.

In choosing a government career, Secretary of the Treasury Henry Morgenthau, Jr., followed the example set by his father, who was ambassador to Turkey during President Wilson's administration.

When Warren G. Harding was president, the post of secretary of agriculture was held by a nationally known agriculturist, Henry C. Wallace. Today, another Wallace holds down the job—his son, Henry A.

Drafted to help the government settle the recent Toledo O. auto parts strike, Charles P. Taft did his bit in a manner worthy of his late father, the former president of the United States.

Three young men who have been helping out during the same administration in which their fathers hold responsible posts are

Robert Straus, son of Jesse Isidor Straus, U. S. ambassador to France; Dr. Worth B. Daniels, son of Josephus Daniels, former secretary of the navy and present ambassador to Mexico; and Kilbourne Johnston, son of NRA's Hugh Johnston. Straus and Johnston have been holding down executive jobs in the NRA, and Daniels is on the board of public welfare.

Young Franklin K. Lane, Jr., whose father was once secretary of the interior, was recently named to the new air policy board.

And two sons of one of the greatest educators of all time, Harvard's former president, lend helping hands in Washington. They are Charles Elliot, secretary of the national planning board; and Thomas Elliot, a lawyer in one of the emergency agencies.

candidate who does not have huge sums of money at his command cannot expect to win in a Texas primary election. Every citizen admits that this is very, very wrong, and that public office should not be sold to the highest bidder. But the tremendous size of Texas makes it necessary for candidates to spend more than they could ever expect to get out of the office to which they aspire.

Soft ball has taken the Southwest during this summer. It was not started in Canyon among the business men until late in the season, but much enthusiasm developed for the game during the past few weeks. The season is over with the starting of football, but plans are being made for six or eight teams to be entered in a league next year. It is expected that Canyon citizens will become as soft ball minded next summer as has been the case in other towns. It is a great game for the man who has been shut up with his business all day to get out and play during the evening.

The nation was shocked at the loss of life last week caused by the burning ship. Gross neglect will probably be the verdict of the present investigation, and ship owners will be forced to improve conditions in the future. But while lamenting this destruction the nation passes lightly over a much more appalling loss of life and greater destruction of property in the ever increasing number of automobile accidents caused by reckless driving. More people are killed and injured annually in this nation than were lost by the nation in the World War, yet little is said or done about it.

Every citizen of Canyon has an important part in the Home Coming which will be staged at W. T. on Oct. 19-20. In the first place, the town should be thoroughly cleaned up. In the second place, every home owner should plan to entertain as many visitors as possible during those two days when thousands of people will come to Canyon. Canyon has always responded in a big way to the request for co-operation in putting over big events, but the Home Coming promises to be something larger than hitherto has been staged in the city.

Legalized beer has been in effect for one year in Texas. Practically every town reports an increase in arrest for drunkenness, and increased number of accidents since

beer was legalized. Of course the charge is made that beer is not responsible for these increases, but that more bootleg whiskey is being peddled, and more liquor is being dispensed through saloons which are being run in open violation of the law. It is becoming almost universal for men to observe the laws which they like, and disregard the laws which conflict with their ideas of personal liberty.

The rain Saturday morning was a great blessing, but it hampered the Clean Up campaign which was started in Canyon. This does not mean that the movement should stop simply because it was halted for a few days. The weeds will grow faster than ever following this rain. Every citizen of Canyon should get busy with the weed cutting campaign, and make the clean up campaign a great success.

The Democratic convention at Galveston condemned legalized gambling. However, let it be known that the same bunch which passed this resolution was condemning those who opposed this very evil in the first primary. Why the change of heart?

If you have not done so already, go up and visit the Tri-State Fair. It is a most worthy exhibit considering the completeness of the drought from which this section has suffered during the past year.

Statements from many newspapers were published in this issue, most of which congratulated Canyon upon being chosen as the location of the new state college. A few expressed great surprise at the selection of Canyon, but on the whole satisfaction was expressed that Canyon was selected as the site of the new college.

Mayor D. Mars of Amarillo suggested a joint barbecue between Canyon and Amarillo for Oct. 9th.

Thomas Bros. moved their furniture business to the new building at the southeast corner of the square.

Students who left to attend Trinity University were Misses Lola Word, Frankie Gober, Mae Cowling, Grace Winkelman; Will Word and Joe Black.

Now they're advertising a book called "What All Women Want." How did they get all that in one book?

The man who wants to borrow money should always do it from a pessimist. He won't expect to get it back.

Strike in Textile Industry Climaxes 200 Years of Strife, Turmoil

TROUBLE has always been with the textile industry. The latest, most crucial case is the recently called strike, stilling looms and spindles throughout New England and the south. But its first taste of turmoil came at the industry's birth.

In old England, some 200 years ago, each home had "an old spinning wheel in the parlor." Then, hand-spinning and weaving were pastoral, idyllic pursuits. An obscure machinist, John Kay, devised a "flying shuttle." A crude thing, at best allowing one weaver to do the work of two, yet this new contraption aroused to rage the rank and file of English weavers. Resolved to destroy this harbinger of a robot age, they chased Kay out of town and broke his model to pieces.

Some 37 years later, James Hargreaves, a humble Lancashire weaver, patented a spinning "jenny," named after his wife. Because of its awkward size, it was found jennies could best be handled by children. Thus child labor made its bow.

At first handling only eight spindles, jennies were soon built that could accommodate 120. Mobs of jobless spinners began ferreting out the machines and smashing them to bits. But they could not check the march of progress.

Soon afterward, Richard Arkwright, a mechanically minded ex-barber, built the first practical cotton mill at Nottingham, England. Modern industrialism had begun.

AFTER its introduction to the United States, the textile industry progressed still farther after Eli Whitney invented the cotton gin. Samuel Slater, who established America's first yarn mill in Pawtucket, R. I., paid his child employees 80 cents to \$1.40 a week. Then and thereafter, textile jobs were the lowest paid in all the major industries.

Women, seeking escape from bondage, joined the children at the mills. Then textile overflows had their first brush with labor trouble in America. In 1823, Dover, N. H., mill girls walked out, protesting a wage cut. Four years later the same reason

prompted a strike of 2000 skirted millworkers in Lowell, Mass.

Trade unions did not get a foothold until after the Civil War. In 1901, the United Textile Workers, an AFL affiliate, was formed. Failure of textile employers to co-operate in abolition of child labor, increasing wages and other reforms, plus constant friction with unions, had by 1926 brought the industry to an impasse. Then was organized the Cotton Textile Institute.

Many progressive manufacturers aided the CTI in eliciting work hours and raising workers' age limits. And, a year ago, they co-operated with NRA by becoming the first major industry to sign a code.

FOR a while, textile workers were happy. Then, permission was given the Cotton Textile Code authority to reduce working schedules by one-fourth. This meant that employees would receive only three-quarters of the pay they had been getting under the code.

In addition, they began to rebel at the "stretch-out," which meant that each worker would

have to handle more machines than he had been doing, to make up for shorter hours. That workers were being fired for union activities and that working hours were being cut under the code allowance were other complaints. Labor's indignation mounted; and the current strike, affecting nearly a half million workers, resulted, accompanied, as usual, by violence.

Thus was provided a fitting climax to two centuries of textile turbulence.

About your Telephone

THOMAS A. WATSON the young electrician who helped Bell invent the telephone, made with his own hands the first instruments. But the demand soon grew so big that Watson alone could not meet it, and licenses were given to four other manufacturers.

By 1880 the telephones made by these manufacturers varied as greatly as did the women's fashions of that year. Uniform quality and operation is essential to successful telephone service. To gain this uniformity, these companies were consolidated in 1881 as the Western Electric Company, manufacturing and purchasing agent for the Bell System.

Without the aid of the Western Electric Company, the men and women who furnish your telephone service here could not do their job so well.

Today, as a proven fact, the Southwestern Bell Telephone Company buys from Western Electric at a cost lower than it would pay in the competitive market.

For more than 50 years, such savings have contributed to our policy of good service at a fair cost to telephone users. This policy has been chosen deliberately. It is based upon the belief that what is best for the telephone user will in the end bring us the surer, more enduring success. Southwestern Bell Telephone Company.

**Question: How Far
Will a Dollar Stretch?**

**Answer: Just as Far
as You Want It To!**

THIS picture was made with the aid of one of those phoney rubber dollars you may have seen in the novelty stores. But REAL dollars—honest-to-John shopping dollars—will stretch, too! You can make them cover more purchases than you ever thought possible if you know how and where to spend them most economically!

Making a dollar go farther is just another name for thrift, and thrifty shoppers are usually ad-shoppers. They know what they're going to buy—where to buy it—how much to pay—before they leave their front doors. They plan their shopping tours with the help of the Canyon News.

Get the ad-shopping habit. It is the royal road to wise buying.

TWILIGHT O'ER PALO DURO

Twilight-time, the quiet hour,
The hour for meditation,
Twilight-time, the golden hour,
The hour for inspiration.

Twilight-time, the happy hour,
The hour for recreation,
Twilight-time, the restful hour,
The hour for relaxation.

The sun's last rays are vanishing
Beyond the golden west,
Lights and shades are lingering
At Palo Duro's crest.

Hammer's ring and anvil chimes
Are silenced on the rim,
Evening meal again partaken
In the interim.

Man reclining from his labors,
Peace and joy are holding sway,
Glistening stars are smiling brightly,
Palo Duro's child at play.

Cooling zephyrs softly blowing
Fragrance of wild flower,
Humming birds gayly flitting
Thru Palo Duro's bower.

Cooling of the dove is heard
On yonder distant plain,
Crickets in the willows
Creaks a crickets refrain.

Whippoorwill at eventide
Pouring forth enchanting tone,
Old owl hooting in the trees,
Keeping watch there all alone.

Twilight growing old and chilly
At the close of one glad day,
Nature folds her tents like Arabs,
And in silence seals away.

Glorious night approaches twilight
With loving hands of Lochinvar,
Wraps his sable mantle 'round her,
Gently pins it with a star.

Next Speaker Of U. S. House?

Sam Rayburn, Texas congressman for nearly 25 years, appears optimistic over his chances of becoming next speaker of the House of Representatives, succeeding the late Henry T. Rainey. Co-author of the drastic stock regulation bill, Rayburn will have strong administration backing for the post, Washington observers believe.

Phillips Reviews Judging on Contest Balanced Farmer

Frank R. Phillips, head of the Agricultural Department of W. T., was in charge of the judging for the contest to determine the Master Balanced Farmer of the Panhandle, the selection being named at a luncheon held in Amarillo yesterday. Chas. G. Newcomer of Hemphill county was announced as the winner.

For the first time since the contest was started, no Randall county farmer placed in the contest.

Mr. Phillips reviewed the work of the judges in reaching the decision.

New Men Will Be Received Oct. 1 to Fill CCC Camp

Recruits will be received at the Palo Duro State Park after Oct. 1, to fill the two companies to full strength. The companies were recruited beyond strength on July 1st in order to take care of those who would leave during the three months period. 1828 has been kept nearly at full strength during this period when about 20 negroes were sent back from the Hereford Park to work at the Palo Duro.

Lieut. Charles was sent to Co. 1828 Tuesday as a new officer in this unit.

DOG LICENSE

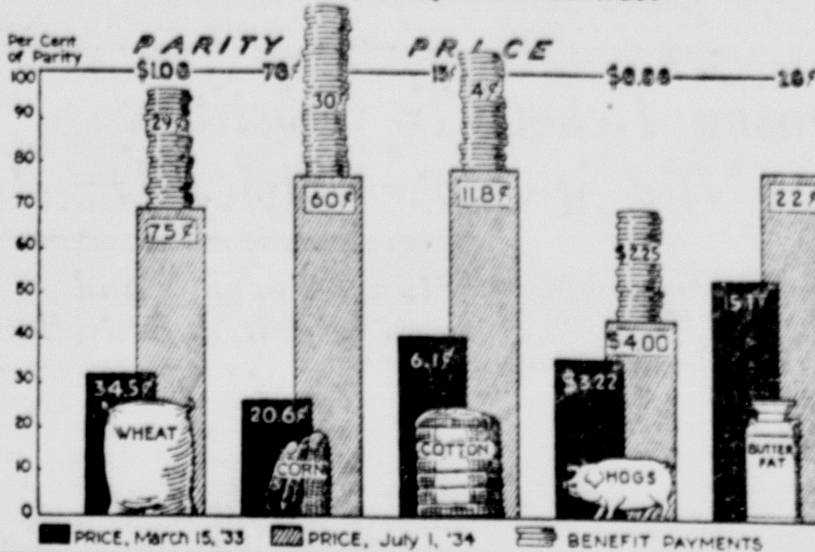

Frank Hicks is issuing a warning to all dog owners. "Dog license must be paid before October 1 or your dog will be killed," said Mr. Hicks. If you care about your pet dog it would certainly be advisable to equip it with the necessary tags because Mr. Hicks means business.

Give your dog the privilege of living a natural dog's life, because that is the least you can do for it.

Miss Geneva Lowe, who is teaching in the Amarillo schools, was at home over the week end.

FARM PRICES ADVANCE TOWARD PARITY, 1933-'34

Stacked coins show additional returns per crop unit to cooperating producers in benefit payments on domestic allotment of other portion of crop designated in contract

The real price (farm price plus benefit payments) that farmers are receiving for their allotted production of major farm products in terms of parity shows marked improvement. The figures along the parity price line of the above graph represent the amounts per unit farmers must receive, however, before their products will have as great exchange value as they did in the parity years, 1910-14. The increase in real prices since March 15, 1933, and the proportion of the real price farmers are receiving on designated portions of their crop in the form of benefit or rental payments under agricultural adjustment contracts are shown.

W. T. Has Large Showing at The Tri-State Fair

One of the largest and most interesting exhibits of the Tri-State Fair is that of W. T. Continuous motion pictures of the college activities and of the Palo Duro Park has attracted much favorable attention.

Mighty Kilauea Vents Fury

Not a dense jungle forest, but closely massed clouds of smoke, hurled aloft by an immense subterranean force—the phenomenon pictured above, scene of a former eruption of Hawaii's mightiest volcano, Kilauea, repeated itself recently, its first outburst since 1931. Concealed in billowing smoke clouds, huge chunks of lava were hurled high into the air, while the ground rumbled with vibrations believed to have spanned the Pacific. At the time of the eruption, tidal waves washed the California coast line.

Uv all the crazy things! I wuz a goin' down the street 'tother day, and I saw the biggest bunch of gals runnin' down the street bar footed. I wuz askin' the principal about it, 'n he said not to think nuthin' 'bout it, cuz the upper-classmen wuz jist 'nitiatin' the freshmen. Frum what I c'n hear, the freshman boys has been 'niti-ated too.

It's been kinda hinted around thet Miss Brasuel is goin' ta start a nu home ec class for the grade school teachers. You know them is the ones what ask fer a second helpin' at the freshman tea. All I c'n say is thet manners won't herb nobuddy.

I wuz out ta the futbal field thuther day, and frum what I c'n see, we're sure goin' ta have a swell team. Why, Ed Brooks juss tuk thet ball, and run like no-buddy's business. In my estimashun, we're gonna beat Dumas at least two touchdowns. Jes keep up the good work, Eagles, and ye'll be shore to win.

Curtis Ellison is gettin' to be a real ladies man. He had hizz picture tuk a fu daze ago, 'n Mrs. Black really hed him thinkin' he wuz good lookin'. She sed he hed the "biggest broad shoulders," 'n the "cutest little smile."

I never heard uv so many sisters in school. Why, every body thet passes is sayin' somethin' like this: "Howdy, little sister," or "Yoo-hoo, big sister." I wuz talkin' to Mary Horn, a freshman, an' she sed, "Thet freshman girls certainly feel honored by havin' a big sister," so I dunno what it's all about. I wuz passin' by the school house 'tother day, 'n I jist happened to think 'bout it bein' chapel day, so I parked ol' Israfel by a tree 'n slipped in so at I culd here the program. All yall 'member ol' Zoodi, don't ye? Wal, she gave some readins' an' everbody sung sum songs. Thet new principal tuk charge uv the program.

All the kids I've talked about (pardon me) I mean all the kids I've talked to, shorely do like Mr. Pope. I havn't got to talk to him much, but I can say thet he shore dose know how to handle a chapel program.

There wuz the biggest gang uv ex-students uv the chapel program. Ather 'n Armor 'n Virginia 'n Myrtis 'n Bobbie Jo 'n a whole bunch uv kids wuz there.

Les Lisle thinks Gladys Hutton is the best lookin' gal in high school. But don't thet rest of you gals feel hurt, cuz yo know Shakespeare sez "Love is blind."

Jack Taylor, Wandel Johnson, Wesley Cox, Laura Ferne Brian, Mabel Schmitz, and Anna Katherine Overton, were in Amarillo Sunday evening.

Season Tickets To Substitute Old Student Activity Tickets

Regular season tickets, costing \$1.00 will be sold instead of student activity tickets this year. There are five home football games scheduled for this year. Each of these games will cost 25 cents or \$1.25 for all of the games if one paid regularly. The town people would pay \$1.75 regularly, but they will be sold season tickets for \$1.50. The class selling the most tickets will be given a loyalty banner. The contest will start this morning and close Wednesday evening.

Loyalty tags will be sold by each class, and the class that sells the most tags will receive a prize. These tags cost 10 cents each.

Did You Know—

That the Eagle football team is going to Dumas the 21st?

That the pep squad is to have new tams?

That Sewel and Wesley Cox have moved to town?

That Kenneth Black injured his ankle in football practice?

That the Freshman boys and girls were initiated last Wednesday and Thursday?

That two physical education classes have been organized under Coach Jones, and Miss Lois Goodrich?

That Mrs. Irene Ball is teaching English in Miss Mattie Jordan's place?

That Jack Taylor and Boots Johnson are Miss Clark's best geometry students, according to Mr. Taylor and Mr. Johnson?

That no holiday will be given this week?

'Smoke Got In Our Eyes' Say Students

"Smoke Gets In Your Eyes," would have been an appropriate song for the classes of Canyon High School to have sung about 10:45 Friday morning.

Through the carelessness of the Senior Home Economics class, paraffin was left melting in a pan. It was probable that the Freshman Home Economics class, in the next room, was running an endurance test to see who could breathe the smoke the longest, for a teacher on the third floor became excited before it dawned upon them that something was burning.

When the lid was lifted from the pan, by a student, the paraffin leaped into flames, escaping the sentence of being poured over jelly, which the first class had made.

Miss Brasuel was absent from school Friday, and Mrs. Winfield Miller taught in her place. Miss Brasuel was in Amarillo Friday and Saturday judging jams and jellies at the Tri-State Fair.

The violin choir met at the Foster home Thursday, the 13th. Those present were: Lena Wade Jennings, Lela Balle Johnson, Ruby Foster, Robbie Foster and Lorene Bessire.

Mary Frances Douglas, a junior, is a new student in Canyon High.

Just Teacher and Uninvited Bedfellow

The clock struck midnight. Again it struck, and still again. Saturday morning. Then "it" stung. She awoke. She lay there. She wondered what had happened to the second toe of her right foot, for it hurt severely. When it continued to here, she crawled out of her bed, to find the cause of it all.

"She," was Miss Lois Goodrich. "It," was a four-inch centipede that had been sleeping with her. Then she called for help. When assistance came, the centipede was killed.

The story goes that wherever a centipede crawls, the flesh rots out. In this case, that remains to be seen. If it doesn't, then it will go to prove the story is false.

At the present, the illustrious toe is turning a royal purple. What the outcome will be, no body knows.

Home Economic Classes Practice Canning Methods

The appetizing odors floating about the halls at different times during the last two weeks, can be traced to the Home Economics department where two second year classes have been canning fruit, meat, and vegetables.

Sept. 7th the classes meeting at 9 and 11 o'clock canned a bushel of apples for W. H. Chambers. The three methods used in the canning were open kettle, hot water bath, and oven canning. Four quarts and 12 half gallons were canned.

Mrs. A. A. Kirkpatrick furnished one-half bushel of pears for the 9 o'clock class to can. Four quarts of pears were canned Sept. 11 by the hot water bath method.

Five quarts of meat were canned Sept. 11, for use in the department in studying and preparing dinners. In addition to the foregoing foods, three pints of tomatoes, one pint of beans, one quart of peas, one pint of beets, and six glasses of apple and grape jelly were put up in spare time.

NANCY STRAIN, EX-STUDE, RETURNS FROM CAMP

Nancy Strain, graduate of Canyon High School in 1931, returned home last Thursday, Sept. 13, from Life's Girls' Camp in Georgetown, Connecticut.

This summer was Miss Strain's first work in this camp. Here she did work in the departments of scouting and pioneering, under Miss Lois Goodrich as director. The camp is a welfare camp, the children of which are selected from New York City by thirty-five charity organizations.

Miss Strain is the daughter of Mr. H. S. Strain of Canyon. Her sister, Mrs. J. D. Barker, teaches public school music in the Canyon High School.

As a senior in high school she was president of her class. She also received the Balfour medal that year. This placed her name on a plaque in the high school main hall as being the best all-around student. She has attended W. T. S. T. C. for three years and will resume her work there as a senior.

Purple Peps Choose Berets at Meeting

The Pep Squad met last Thursday and chose purple berets with white initials in front to complete their Pep Squad uniform. Plans for the trip to Panhandle Sept. 28 were discussed.

The Pep Squad will obtain their own transportation to Panhandle if possible.

Irene Thompson, Purple Pep president, appointed a social committee, program committee, and a yell committee.

Miss Jordan's condition has improved greatly. She is planning to return to her position soon if she keeps improving.

EAGLES' FIRST TILT TOMORROW AGAINST DUMAS

TEAM READY FOR FRIDAY'S GAME, ACCORDING TO EAGLE MENTOR

The Eagles will play their initial game tomorrow against the Dumas Demons, at 2:30 o'clock, on the Demons' field.

The Eagles have been in training over three weeks and appear to be in excellent condition for their first game. Coach Jones has been drilling the squad on blocking, tackling and running plays. According to the Eagle mentor, the Eagles will be ready for the game Friday. He also reports that 24 boys will make the trip.

The team has had several scrimmages, including one on the Buffalo Field, to accustom the team to a regular field.

Kenneth Black, 140 pound line-man, will probably be on the bench for this game because of a sprained ankle received in practice September 11.

Probable Starting line-up.

IN APPRECIATION

The Canyon High School wishes to express its appreciation to the following merchants of Canyon for co-operating with the school in furnishing book covers: W. H. Stroud Grocery; Cooper's M System; Terry Studio and Beauty Salon; Imperial Chevrolet Company, Canyon Grocery; Thompson Hardware Company; City Pharmacy; The Peoples Store; J. J. Walker Drug Store; Canyon Hardware Company and Farmers Elevator Company, the last, who also furnished blotters.

Girls Take Up Manly Art Of Manual Training

Optimistically, they attempt the adjustment of the tools, eventually appealing to a sympathetic neighbor, for assistance.

But dear me! Forget the idea that all girls plane a block to the bone when attempting to square a block, or splinter every corner, it is whispered about that the Misses Fay Plaster and Mildred Schuman are shamelessly heading the class. And, furthermore, don't imagine for a minute that it could possibly be managed by a flirting eye and a ducky line, for of course, you know that all C. H. S. Romeos are perfectly impervious to any appeals of the weaker sex.

But back on the subject of the girls' remarkable progress on the wood projects; the girls carefully caution all scorners to "Stand back and take our sawdust."

"Oh, heck! There goes another fingernail."

"Mr. Barker, I've got a sore finger, and besides the plane rubbed two blisters on my hand."

Such complaints, since the girls have taken up the manly art of woodwork, have been poured daily into the ears of Mr. O. T. Barker, manual training instructor, whom we may congratulate for having kept a reasonably straight face.

With bold fronts, but thanking their lucky stars that skirts are long enough to hide shaking knees, the feminine members of the class barge down the steps on the boys side of the basement and into the manual training room.

You can say this for the modern girl—she dearly loves the spinning wheel. That is, if it happens to be on an auto.

Freshmen Get It!—And How!

If you thought those girls Wednesday afternoon were ging barefoot around the school to save their shoes, you were mistaken.

It was merely the initiation of the freshmen girls. With "Oh's" and "I don't want to's" sounding in their ears, the upper class men finally got the shoes and socks off of the Fish. Each freshman girl had to walk three blocks 'down Fifth Avenue and back, barefoot.

Now, of course, some of the older and larger Freshmen sure didn't want to expose their feet, but that was no excuse; they paraded barefoot, too.

Why, even some of the younger ones walked home carrying their shoes.

This same morning, Wednesday, on the north side of the Canyon High School building, there came "pop!" "pop!" Then some one yelled, "Hey, not so hard!" Then "You're next, Mr. Sternberg."

There was no way of getting out of it, so down the belt line Billy ran, pop-a-pop-ty-pop. It seemed if this belt line was two rows of upper classmen, each with his belt in hand. The ones that ran the belt were Freshmen, of course.

Troop 30 Exhibits Gardening Merit Badge At Fair

Troop 30, Boy Scout Troop of Canyon, has its annual merit badge exhibit at the Tri-State Fair this year. The exhibit is on "Gardening in the Boy Scout Building at the Fair in Amarillo."

The Scouts have been working for six weeks on the display and spent Thursday the 13th and Friday the 14th at the building arranging their exhibit.

Levi Cole, Scout Master, and D. A. Nicholas, assistant Scout Master, request that the people of Canyon visit the merit badge display.

MARY ELLA DAVIS ELECTED SECRETARY TO PRESS CLUB

The members of the Press Club met Monday afternoon, Sept. 17, at 3 o'clock in the Journalism room. Mary Ella Davis, a reporter, was elected secretary of the club.

Plans for getting funds for the Press Club treasury and future entertainments were sketched briefly by the sponsor, Miss Lois Goodrich. Those students planning on selling copies of the Canyon News were urged to begin work immediately.

Students and Exes Hurt in Automobile Turn-over Monday

Six persons, including two high school students and two ex-students, were injured when their car overturned on the highway between Canyon and Amarillo last Monday night between 11 and 12 o'clock.

The car, driven by George Mayfield, a sophomore, turned completely over.

Wilma Price, a senior, and George Mayfield, received broken arms, and minor cuts and bruises. Myrtis Wright and Helen Hardman, both graduates of '33, received severe cuts and bruises.

Earl Childers and Cloice Vandergriff, the other occupants of the car sustained only minor injuries.

The party was returning from the Tri-State Fair at Amarillo, and according to Childers, were driving about 45 miles per hour.

Mayfield was the first to get clear of the wreck; he assisted Wilma Price and Myrtis Wright in getting out. Childers and Vandergriff were able to get out without assistance. They were assisted by some passersby in getting Helen Hardman from the wreckage. They were brought to Canyon by passing cars.

FACULTY GIVES SENIOR CLASS ENTERTAINMENT

FORTY-TWO, MUSIC AND READING COMPRISE AMUSEMENTS

Following the usual custom, the faculty gave a reception for the senior class Friday night at 8:00 o'clock in the grade school gymnasium.

The receiving line consisted of Mr. and Mrs. Carruth, Mr. and Mrs. Pope, Mr. and Mrs. Fox, Miss Clark, Miss Foster, Miss Angel, Miss Goodrich, Mr. Jones, and Mrs. Barker.

The gymnasium was decorated with crepe paper in the school colors, purple tallies were given out and dominoes and "42" were played at the 13 tables.

A program consisting of readings and piano selections was presented by three ex-students of the senior class of '34, Miss Laura Ferne Brian played "La Paloma," Miss Dora Mae Plaster read "That's How that Started," and "M-h-m," and Miss Lee Christine Cousins played "Song of India."

Refreshments of grape ice cream and angel food cake, carrying out the school colors, were served to forty students and fifteen faculty members.

Freshmen Select Pep Squad Suits

In order to select their uniforms for the coming football and basketball season, the seventeen members of the Freshman Pep Squad met in the auditorium of the Canyon High School last Thursday at 12:45 o'clock, under the supervision of Mrs. Lee Foster.

The skirts are to be made of plain white material, with white "turtle-neck" sweaters to match. White berets are to be worn, with the purple letters, C. H. S., written across the top.

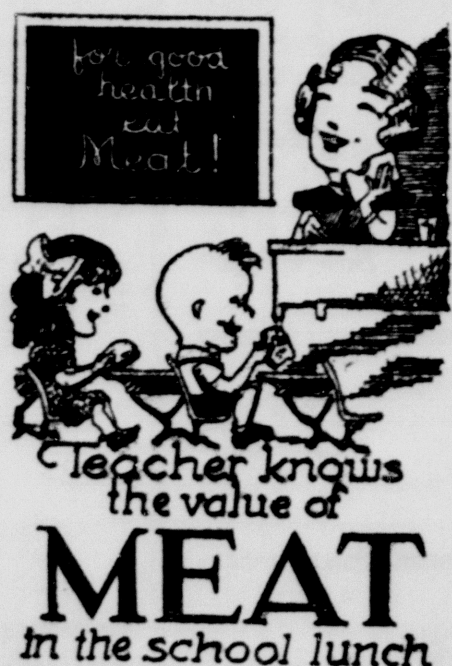

The first football game the Freshman Pep Squad will attend is to be played with Panhandle, Friday, Sept. 28. By which time, they are hoping to have twenty members.

Chris Wooten and Willard Childers spent Saturday night in Amarillo.

These Chic School Frocks Spell 'Class'

TWO ATTRACTIVE MODELS, THAT WILL HELP MAKE LESSONS EASY FOR THE YOUNG MISS, AVAILABLE THIS WEEK

No. 261

No. 147

Perhaps as important as arithmetic or algebra problems, to the young miss resuming school or college work, is the problem of clothes. And to help answer that momentous question, the frocks sketched above are ideal.

A smartly simple cotton frock, pert and practical, is that illustrated as Pattern 261. Gingham or percale is suitable, too, for this easily made dress, which stands at the head of its class. It comes in sizes 8 to 16 years and size 12 requires 2 1/2 yards of 35-inch fabric with 3/4 yard contrast.

For both school and general wear, the blue crepe suit with gay taffeta collar, illustrated as Pattern 147, is simply splendid. Though fashionable and chic, this suit is easily made.

The sprightly ensemble, pictured in front and side view, is designed in four sizes: 14, 16, 18 and 20, with corresponding bust measures of 32, 34, 36 and 38.

The ensemble in size 16, without contrast, requires 5 1/4 yards of 39-inch material. The shirred collar, sleeve bands and bow in contrast require 3/4 yard; the jacket alone, 1 1/4 yards; and the dress alone, 3 1/4 yards.

Wayside Items

Generous rains fell in and around Wayside Friday night. In places washing and drifting worse than for a long time. On Happy draw fences washed out, wheat fields washed level and considerable damage done. Indications seem to be good for more rain soon.

Row crops coming to life, grass is growing, weather much cooler and we trust all can sow wheat now.

Mrs. Bessie Lane and Joyce left Saturday morning for Pampa, stopping at Canyon. Miss S. L. McGehee joined them. The occasion was the celebration of Joyce and Jerry Lane Hancock's birthdays on Sunday. Each of the honorees received nice and useful presents from different ones, a nice dinner was enjoyed at Mrs. Hancock's. All had a pleasant time, returning Sunday night.

Good Sunday School Sunday, led by Rev. Lemuel Fisher. Bro. Fisher spent a greater part of his boyhood days in and around Wayside, and is well and favorably known by all old settlers. He migrated to California some years ago; came back a few months ago, bringing a wife and four children. A fine addition to any community.

Miss Aline McGehee from Salem school, spent the week end at home.

We are glad to report a decided improvement in G. W. Franklin's health. His family and friends are much rejoiced over the change.

Mrs. Bonnie Sluder spent some days in Amarillo the past week with Wayne, her oldest son, with after effects of scarlet fever. Head is seriously affected. He is better and expected to re-enter school Monday.

Quite a number of pupils from Wayside will enter school in Canyon today. Myles, Kotton, Sara Beth and Lyman York McGehee, Henry Hamblen and sisters, Osce Lou and Ramona. Mrs. Myrtle McGehee accompanied her children and will keep house for them.

W. D. McGehee and W. J. Sluder motored to Amarillo Monday, also W. R. Franklin and wife. Suppose all will take in the Tri-State Fair.

Roy Franklin, wife, and Gloria Jean are visiting the parental Tucker home in Canyon for some days. Gloria Jean is much improved in health.

M. E. Counterman and family visited the Sluder home Sunday. Also J. S. Sluder and family at same time.

J. M. Patterson and family moved to Canyon the past week, adding another pupil from Wayside, Miss Catherine.

Lakeside News

In observation of rural school day at the Tri-State Fair, the Lakeside school will be represented in Amarillo Friday.

The singing was well attended Sunday night. A goodly number from Canyon was present as well as from the local community. Several special numbers were rendered by singers from Canyon.

Mrs. Arthur Olson has been in the Northwest Texas Hospital in Amarillo the past week. She is recuperating nicely and is expected to be back home soon.

Among the visitors at the Tri-State Fair Sunday were: Mr. and Mrs. L. B. Hammond, Mr. and Mrs. Albert Byars and family, Mr. and Mrs. Ed Weeks.

Mr. and Mrs. W. R. Campbell were shopping in Amarillo Friday. George Schneider was in Amarillo Saturday on business.

Jacque Garrett was a guest in the home of Wynfred Pegel Sunday night.

Mr. and Mrs. Floyd Hays of Spearman have been visiting with friends for the past few days.

A number of people in the community have enrolled in W. T. S. T. C. and the training school this week.

Volatility

is the most important
quality in gasoline

... say Authorities

WHAT does it take to make a gasoline "great"? Four oil experts tell you in their statements at the right.

They emphasize volatility... and Phillips 66 is famous for high volatility. Besides, this volatility is scientifically controlled, month by month, to make this greater gasoline a star all-weather performer.

Your engine always runs better, because the gas you get at a Phillips pump is correctly "tailored" for the particular weather you are having. You actually feel the difference in your motor... in increased speed and power... peppier pick-up... reduced noise and no-knock... plus extra mileage in every gallon.

We invite you to try a tankful, to see for yourself the outstanding improvement given by extra volatility, at no extra cost, at any Orange and Black 66 shield.

IN THE WORLD OF SPORTS

New Coaches, New Rules Revise Grid Picture This Fall . . . Tony Canzoneri Found It Rocky Road to Dublinsky

BY PHILIP MARTIN
WITH the world series in the offing, football stands in the wings awaiting its cue to usher in the 1934 season.

New coaches and new rules will bring a big change in the gridiron picture this year. Major changes in coaching regimes follow:

At Yale, Raymond "Ducky" Pond, former star Blue griddier, has replaced Reggie Root. Elmer Layden, one of Notre Dame's immortal "Four Horsemen," succeeded the ousted Hunk Anderson. Elmer's previous post, at Duquesne, is filled by Joe Bach.

Francis Schmidt, a Dutchman, has supplanted Sam Willaman, who went to Cleveland's Western Reserve. And when Billy Hayes, Indiana coach, switched his activities from football to track, Bo McMillin, Kansas State mentor, last year, stepped in.

Other new coaches are: Dartmouth, Red Blaik, formerly of Army; Navy, Lieut. Thomas Hamilton; Kentucky, Chet Wynne; Auburn, Jack Meagher; Rice, Jimmy Kitz; U. of Texas, Jack Chevigny; Texas A. and M., Homer Norton; and West Virginia, Charley Tullman.

IN the most important rule change, it has been decided to lift the touchback penalty on the first incomplete forward pass tossed over the goal line, and to remove the 5-yard setback inflicted after a second successive incomplete forward pass. Elimination of these hazards is expected to open up the defense and make for more spectacular scoring plays.

HERE'S a guy to tab in your future book on fights—Harry Dublinsky. The Chicago Polish-Jew, one of more than 20 children who climb around the Dublinsky family tree, recently proved, by a sensational victory over Tony Canzoneri, that the New York Italian is not going very far in his jump

By decisively pasting Tony Canzoneri, Harry Dublinsky, right, up-and-coming Chicago welter, deserves a shot at the welter crown. Grid coaches in new posts this year are shown left: top to bottom, Bo McMillin, Indiana; Ray "Ducky" Pond, Yale; and Francis Schmidt, Ohio State.

to the welterweight ranks; and that Harry is a logical contender for a match for the welter crown. Dublinsky's defeat of Canzoneri, although it came after Barney Ross' win over the game lit-

tle Italian, was more sensational than the victory of Ross. Comparisons are odious, but such an exhibition certainly earns Harry a shot at the welter crown.

Friday night, which will be the first college football game in this section of the state.

Strain Tells Good Influence of Band Music On Youth

Chas. E. Strain, director of the Buffalo Band told the Rotary Club Tuesday of the good influence of band music upon the boys and girls in those communities which sponsored bands. "There are many bands in Canyon, and some of them are not proud to acknowledge," stated Mr. Strain, as he referred to boys who had become involved in law violation.

Called as a witness in the case, County Attorney Jesse Barker stated that the taxpayers were digging up from \$2,000 to \$2,500 annually to try juvenile cases. These cases cost from \$250 to \$500 each, while a senior criminal case costs the taxpayers from \$1,000 to \$2,500 each.

Mr. Strain stated that band music is no longer looked upon in the schools as an adjunct to a pep squad. Every high school is now making the band a serious part of its study course. President J. A. Hill has been called upon many times the past year for band instructors in all parts of the Panhandle.

The band offers good mental training for the youth, creates the ideas of co-operation and good citizenship, is clean and wholesome recreation, and is most healthful. More than half a million high school students are now studying band music, with an increasing number annually.

The program was in charge of the music committee, Doug Shirley, chairman.

The birthdays of Wes Kleinschmidt, Lee Johnson, and John Schramm were recognized.

Coach Al Baggett announced the football game for Friday night, and was joined by J. H. Cox, Jr. in urging that all citizens attend the game, and boost for the Buffaloes. A special season ticket will be sold to all five home games for \$3.00. The tickets are on sale by Travis Shaw, or at the Jarrett Drug Store. Visitors present were: H. M. Russell, Wilbur Snow, Phil Purdum, Paul Edquist, O. W. Wright, Ed Hardin, Frank Edwards, Price Hooks, Jim Florey, all of Amarillo; C. E. Strain, John B. Pope, of Canyon; George Heath of Priona; Paul Hugin, Santa Monica, Calif.; L. B. Bundy, Bridgeport, Conn.

EPISCOPAL CHURCH
Rev. Walter Henckell, of Dalhart, who was for several summers student rector of the Episcopal Church here, will visit Canyon next Sunday night, and preach at eight o'clock at the local church.
Mr. Henckell made many friends while serving the church here, and will be glad to see them, and to meet new students, both at the church and afterwards for an hour of Christian fellowship at the Little House.
